

Pre-packaged school supply kits

Introducing the **Heritage HERO** toolboxes

1. **Low cost**
2. **Convenience**
3. **FREE delivery**
4. **Personal service**
5. **Customized by grade**

This year HERITAGE ACADEMY Gateway is launching a **Pilot Program** to get needed school supplies into the hands of your scholar in an economic and convenient way. How are we doing this? By doing the shopping for you and saving you up to 48 percent off the retail price for your scholar's school supplies.

We have worked to create the **Heritage HERO toolbox** an easy way to purchase pre-packaged school supplies that your student needs for their grade level and according to the school's basic supply list.

The days of searching for school supplies have ended. This is school supply shopping made **SIMPLE**. Now you can order your supplies with ease by filling out the Pre-packaged school supply order form that will be sent home with your student on Monday, May 6th or in the school's lobby where you can pick up an order form and see a display of all the items that are in each kit by grade.

Order your kit or kits and enjoy your summer. The **Heritage HERO toolboxes** will be available for pick up at the school's Meet the Teacher event. If you can't make it to Meet the Teacher your scholar's supplies will be delivered on the first day of school at their desk first hour.

What could be easier? All of their basic supplies packaged and ready to GO.
