The Heritage Academy Course Catalog has been designed to provide course selection information for the 2022-2023 school year. Scholars are encouraged to consult with parents, advisors, and teachers to carefully consider the information within this catalog to aid in selecting courses that will satisfy their graduation requirements, as well as post-graduation plans.

The information presented in this Course Catalog describes the academic and elective offerings available to scholars for the 2022-2023 school year. It is important to review graduation requirements and ensure that course selections are made with serious consideration. Some courses may have prerequisite requirements that must be satisfied to enroll in the course.

It should be noted that not all the courses offered will be made available due to limited student requests and teacher availability. For this reason, it is important during the pre-registration period to make thoughtful selections to equalize course enrollments and minimize scheduling changes.

WHAT'S NEW FOR 2022-2023?

Intermediate Band Intermediate Orchestra JH Piano Lab 1 & II JH Art II JH Tackle Football JH Yearbook JH Scholar Council

COURSE FEES

For courses with an associated course fee, payment for both semesters is **due in full** no later than **August 18, 2022**. Any scholar with an outstanding balance to the school will not be enrolled into any fee-bearing course until the balance is paid in full or a payment arrangement has been with the front office. Payment arrangements that are not kept will result in the scholar being withdrawn from the fee bearing course and placed into a non-fee bearing course that is available during that same class period. The following policies/procedures apply to fee payments:

- Fee Payment: Fees for all classes, fall, winter, and spring, must be paid upfront or scholar may be dropped from the class.
- ECA State Tax Credit: <u>ECA funds are non-refundable</u>. However, they can be attributed to another ECA eligible course. Unless indicated, all payments will be recorded as <u>NON-ECA Payments</u>. Receipts will be emailed to the Payer.
- Payment Methods:
 - All payments must be made through our online payment system, MySchoolBucks. Cash and checks are no longer accepted.
- **Refunds Policy:** If a scholar withdraws prior to the first game, one half of the participation fee will be refunded. * However, athletes who quit or are injured after the first game or are dismissed for disciplinary reasons at any time will have no portion of the participation fee refunded. There will also be no refunds after the first 3 weeks of classes.

DUAL ENROLLMENT

Heritage Academy offers ambitious scholars the opportunity to concurrently enroll in college-level course while fulfilling high school academic requirements. Seniors, juniors, sophomores, and freshmen are eligible for these courses, which are conveniently offered at the Heritage Academy campus by current Heritage teachers that are certified dual enrollment college instructors. Dual enrollment courses are transferable to Arizona public colleges and universities easing the transition from high school to college.

Heritage Academy also offers the opportunity for scholars who complete their AA with us immediate enrollment to Benedictine University upon graduation.

Heritage Academy will make every effort to schedule course requests from the scholar; however, since the schedule is completed on a full-year basis the following circumstances may affect scheduling:

- If a sufficient number of scholars do not request a course, the course will not be made available. If a course is not offered, every effort will be made to schedule an alternate selection from the course request form.
- If a selected course request conflicts with another request, every effort will be made to schedule an alternate selection from the course request form to replace the unscheduled course.
- If a scholar chooses a course and does not meet the prerequisite or did not complete the course, the scholar's schedule will be adjusted accordingly.
- If a scholar has an outstanding balance owed to the school, he/she will not be permitted to enroll in a feebearing class until balance is paid in full.

For these reasons, it is critical that the scholar completes the "alternate selections" section of the course request form. Please note that if the "alternate selections" section is not completed, the student will be scheduled for any non-fee bearing elective(s) available.

SCHEDULE CHANGE PROCESS

Scholar-initiated schedule changes for both semesters will begin on the first day of class. Scholars will be required to submit a signed and completed **Course Schedule Change Request** form no later than five school days following the beginning of the semester. <u>Changes will be processed based on course availability and in the order they are received</u>. No schedule change requests or changes will occur after the <u>second week</u> of the semester except for teacher requests.

A scholar's schedule may only be changed under the following conditions:

- Fee or medical issues
- An additional course is needed for graduation completion
- Scholar failed to meet prerequisite for course
- Successful completion of an approved accredited course during summer
- Administrative discretion (imbalance of class loads, loss of course due to availability, etc.)

LATE REGISTRATION AND ADD/DROP POLICIES

- Scholars registering late or wishing to change classes must do so in the first week of school
- No classes may be added after the first week of school except for teacher requests
- All scholars who are on campus must be enrolled in a class; no scholar will be allowed to loiter at the school
- Scholars wishing to drop a class must do so within the first week of the semester without penalty

EDUCATION AND CAREER ACTION PLAN

In accordance with Arizona Administrative Code R7-2-302-.05, effective for the 2013 graduation class each scholar in grades 9-12 will participate in the development of an individual Education and Career Action Plan (ECAP). The ECAP will encompass each scholar's high school graduation plan, post-secondary education opportunities (admissions requirements, applications, and financial assistance), and career aspirations to help each scholar reach their fullest potential. To ensure that each student is developing and progressing with his/her plan a *College Coach* is available and working with the scholars semi-annually.

ADMISSION TO COLLEGES AND UNIVERSITIES

Scholars planning to attend four-year colleges or universities should determine the entrance requirements of the school they wish to attend. Scholars applying to Arizona universities must meet the following general requirements:

- For unconditional admission, a student must rank in the top 25 percent of his/her graduating class, have an overall grade point average of 3.0 or higher, and have a minimum score of 22 on the ACT or 1040 on the SAT test, and complete the course requirements
- For conditional admission, a student must rank in the upper 50 percent his/her graduating class, have an overall minimum grade point average of 2.5 with an ACT score of 22 or an SAT score 1040.

GRADUATION REQUIRMENTS AND UNIVERSITY ADMISSION STANDARDS

The following table illustrates the course requirements for completion of a high school diploma at Heritage Academy, as well as recommendations for satisfying in-state university and college competencies. University and college competencies may vary by institution; therefore, scholars should carefully examine admission requirements in college catalogs and specific college websites. Scholars should consult with parents and school advisors regarding course selections and credits.

Heritage Academy Curriculum	General Graduation Requirements	Dual Enrollment Courses	In-State University / College Competencies
ENGLISH	4 credits	2	4 credits (composition and literature based)
MATH	4 credits	3	4 credits 1 year each of: Algebra I, Geometry, Algebra II, and an advanced class where Algebra II is prerequisite
SCIENCE	4 credits Must complete 1 credit each of 3 different sciences. (Bio, Chemistry, Physics, Anatomy & Physiology)	3	3 credits 1 credit each of 3 different lab sciences selected from the following: Chemistry, Physics, or Biology, Earth Science
HISTORY	3 credits	3	2 credits Am. Hist. and 1 other
FOREIGN LANG.	2 credits	2	2 credits 2 years of same language
FINE ARTS	1 credit	1	1 credit
PE	1 credit		
REQUIRED CORE COURSES	19 credits		16
ELECTIVE COURSES	7 credits	2	7
TOTAL REQUIRED	26 credits		23 credits

STATE OF ARIZONA HIGH HONORS TUITION WAIVER SHOLARSHIP

Graduates from an Arizona high school may be eligible for a 25 % in-state university tuition waiver. Additional information, qualifications, and scholarship criteria can be found at http://www.azed.gov/endorsement-tuition-scholarship/ or by contacting the Arizona Department of Education.

QUALIFICATIONS (CLASS OF 2013 & BEYOND)

Students must have Arizona residency with lawful immigration status AND meet the following academic criteria:

Part 1 (Core Competency)

Complete all 16 Core Competency Courses by graduation with a B* or better or receive an acceptable score on the Advance Placement (AP) or a 4 on the International Baccalaureate (IB) exam for that subject matter.

The **16 Core Competency Courses** as defined by the Arizona Board of Regents Tri-University Admission requirements are: 4 units English; 4 units Math; 3 units Lab Science; 2 units Social Science; 2 units Foreign Language; and 1 unit Fine Arts.

* A "C" in a weighted course (Honors or Advance Placement course) does not convert to a "B". The grade is as reflected on the student's transcript.

If a student receives a "C" in any unit of credit of a core course (weighted or unweighted), he/she must complete one of the following options to remain eligible:

1) Retake the unit of credit and receive a "B" or better; 2) Take an additional unit of credit in that subject matter and receive a "B" or better; 3) Receive an acceptable score on the Advance Placement (AP) exam or a 4 on the International Baccalaureate (IB) exam for that subject area.

AND

Part 2 (GPA/Class Rank)

Students must meet at least ONE of the following academic requirements:

Option 1: GPA: A minimum **core** GPA of 3.50 in the 16 competency courses on an <u>un-weighted</u> 4.00 scale **OR** for those districts which use a 5.00 scale for IB/AP/Honors courses, an equivalent **core** GPA on a weighted scale that meets or exceeds the value.

Option 2: Class Rank: Student is in the top 5% of their high school graduating class.

AND

<u>Part 3</u> (ACT/SAT1) Students must meet at least one of the following admissions test options and submit scores to the universities they apply to:

- **Option 1**: At least 28 on the ACT test.
- Option 2: At least 1300 on the SAT1 test (critical reading & math, excluding essay).
 * More information is available on the website (<u>www.azed.gov/asd/tuitionwaiver</u>).

POLICIES AND PROCEDURES

CREDITS

Course credits will be awarded on a semester basis. Scholars will be awarded one-half credit for demonstration of course mastery of 70% (grade of "C" or better) based on course performance standards.

All courses taught for credit will receive a letter grade or a pass/fail option. Grade point and the percentage used are listed below. Please note, credit is awarded for a letter grade "C" or higher; scholars earning a letter grade of a "D" will receive zero credits for the class and may be required to repeat the course.

Grade Percent	Letter Grade	Quality Points	Grade Percent	Letter Grade	Quality Points
97 & above	A+	4.33	77-79	C+	2.33
93-96	А	4.00	73-76	С	2.00
90-92	A-	3.67	70-72	C-	1.67
87-89	B+	3.33	67-69	D+	0.00
83-86	В	3.00	63-66	D	0.00
80-82	B-	2.67	60-62	D-	0.00

REPEATING A COURSE

High School scholars failing a core class will be required to retake the course.

If the course is taken as a correspondence (online) course or at a community college or university, the scholar will need to complete the <u>Permission to Substitute a Class</u> form and seek approval from the appropriate teacher, department chair, and Heritage Administrator prior to enrolling in the alternative course.

Junior High scholars failing one or more core courses in an academic year will be required to repeat the entire grade.

In nearly every case, a student fails a class because of not doing the required work. Students will want to seriously consider the consequences of not doing the required work during the regular school semester/year. It is much easier to do the work when assigned than to choose not to do the work and then have to make it up during the summer. Summer school classes cost money and take time from family and vacation time.

TRANSFERABLITY OF CREDITS

Transferability of credits from other educational institutions is not automatic. Transfer credits will be evaluated in based on official transcripts to determine whether a course will be accepted as a core or elective course.

EXTRACURRICULAR ELIGIBILITY

Scholars are encouraged to participate in one or more extracurricular activities. Participation in extracurricular activities and athletics is considered a privilege. Therefore, all scholars will be held to the following academic eligibility policy in order to participate in athletics, musicals/plays, concerts, dance performances, school trips, and clubs:

- Scholars must maintain a minimum grade of C- (70%) the week of event to participate
- All associated fees and balances must be paid in full
- Scholars participating in athletics must have completed and have on file with athletic director:
 - $\,\circ\,$ Parent Consent and Emergency Contact Information Form*
 - Athletic Participation and Fee Form*
 - $\circ\,$ Transportation Permission Form*

*Visit our website hagateway.com or call front desk to obtain forms

 $\,\circ\,$ Current physical examination form completed by an MD or DO

Junior High courses at Heritage Academy are designed to assist the scholars in meeting and exceeding the basic requirements in English, History, Math and Science before progressing on to the high school curriculum. We encourage all our scholars to strive for excellence, so the foundation laid in junior high becomes a stepping stone to further success. To assist our scholars in this pursuit, we offer classes in classical languages, reading, and writing to supplement the basic course work.

HERITAGE ACADEMY COURSE REQUIREMENTS FOR 6TH GRADE

- ✓ 6th Grade History
- ✓ 6th Grade English
- ✓ Math (6th grade math or General Math)
- ✓ 6th Grade Science
- ✓ 1 Semester of PE (Pilates, Fitness, Kenpo, Dance, or Athletics)
- ✓ 1 Semester of a Fine Art (Music, Art, or Drama)
- ✓ 1 Semester of Technology and You
- \checkmark Other elective choices may fill in the remaining classes

HERITAGE ACADEMY COURSE REQUIREMENTS FOR 7TH GRADE

- ✓ 7th Grade History
- ✓ 7th Grade English
- ✓ Math (General Math or Pre-Algebra usually)
- ✓ 7th Grade Science
- ✓ Latin I
- ✓ Keyboarding (one semester)
- ✓ 1 Year of Music (Choir, Band, Orchestra, or Piano Lab)
- ✓ At least 1 semester of PE (Pilates, Fitness, Kenpo, Dance, or Athletics)
- ✓ Other elective choices may fill in the remaining classes

HERITAGE ACADEMY COURSE REQUIREMENTS FOR 8TH GRADE

- ✓ 8th Grade History
- ✓ 8th Grade English
- ✓ Math (Pre-Algebra or Algebra I usually)
- ✓ 8th Grade Science
- ✓ Latin II (or Latin I if not taken yet)
- ✓ At least 1 semester of Fine Arts (Music, Art, or Drama). Choir and Instrumental classes are year-long.
- ✓ At least 1 semester of PE (Pilates, Fitness, Kenpo, Dance, or Athletics)
- ✓ Keyboarding (if not previously taken)
- ✓ Other elective choices may fill in the remaining classes

ENGLISH

All 6th, 7th, and 8th graders will be enrolled in their appropriate grade level, yearlong English class.

6th, 7th, and 8th grade English classes offer challenging curriculums focused on literature, grammar, speaking, and writing skills. The studies of classic literature from a variety of genres include critical thinking and follow up writing experiences. The composition program emphasizes writing as a process: prewriting, rough drafts, revising, editing, and publishing of final copies.

Scholars will write friendly and business letters, five-paragraph expository essays, literary analysis essays, personal narrative essays, creative narrative essays, and persuasive essays. Writing is scored according to a rubric based on traits of good writing, and scholars will learn how to critique their own writing. Scholars will also write responses to literature, nonfiction, and poetry, and will write their own poetry. The focus in grammar is on parts of speech, spelling, punctuation, capitalization, and sentence structure.

LATIN

Latin I: All 7th and 8th grade scholars will be enrolled in a Latin course in which they will be introduced to the great classical language of Latin. Scholars will learn why so much emphasis was placed on this language by the Founding Fathers. They will learn how Latin can improve their knowledge of English, improve SAT scores, and act as a springboard into the learning of other Foreign Languages (especially French and Spanish), Math, Science, Medicine, Literature, and many other subjects. Scholars will learn the alphabet, vocabulary, roots, and other components of this language. This course will prepare scholars to read, write and understand this great language.

Latin II: A brief review of Latin I and then second year skills such as translating stories, poems and passages will be added.

MATHEMATICS

Each student is placed in a math class based on the score of their entrance placement exam. On the first day of class, another assessment is given to help determine if the placement is the right place for the student. If a change is recommended, scholars and parents are contacted, and schedules are changed. We do our best to place the scholars in the math class that is most appropriate to their individual skill level. Jr. High level math courses are as follows:

6th Grade Math: Sixth grade math focuses on ratios and probability, the number system, expressions and equations, geometry, statistics and probability, and pre-algebra. Scholars must have a strong understanding of fractions, math facts, long division, and numerical expressions to be most successful in this class.

Textbook: Green Big Ideas

General Math: This is the 7th grade math class. The curriculum is based on the AZ state 7th grade math standards found at http://www.azed.gov/azccrs/mathstandards/. The course includes a study of various graphic displays including stem and leaf plots and scatterplots, linear functions, solving multi-step equations, geometry, and integers.

Textbook: Bridge to Success Course 2

Pre-Algebra: This course is for 7th and 8th grade scholars. The curriculum is based on the AZ state math standards for **both 7th and 8th grade**. These can be found at <u>http://www.azed.gov/azccrs/mathstandards/</u>. The course includes a study of various graphic displays including box and whisker plots and scatterplots, linear functions, solving multi-step equations, geometry, and integers.

Textbook: Bridge to Success Course 3

Requirements: Scientific Calculator

Requirements: Scientific Calculator

Requirements: Math Notebook

Algebra I: Scholars enrolled in this course will learn problem solving approaches, thinking and algebraic skills necessary for future mathematics courses and other disciplines. It includes a study of real number systems, linear equations, linear inequalities, exponential functions, quadratic equations, and statistics. Scholars must show mastery of Algebra 1 before advancing to Geometry.

Prerequisites: Pre-Algebra or Placement Test (It is rare for 7th graders to test into Algebra I)

Textbook: Bridge to Success Algebra

Requirements: Graphing Calculator

HISTORY

All 6th grade history students will discover and explore ancient societies to better understand the beginnings of government and community. They will analyze how those societies' practices influenced our forefathers in the creation of The United States of America. All 7th graders will be enrolled in a yearlong History class, Junior American/Arizonan History 1, and all 8th graders will be enrolled in a yearlong History class, Junior American/Arizonan History 2.

SCIENCE

6th grade science is organized into three primary courses that correlate to state standards: Earth/Space Science, Life Science, and Physical Science. Physical science covers chemistry and physics, including physical and chemical changes, atoms and elements, mixtures and solutions, the periodic table, states of matter, motion, gravity, density and buoyancy, energy, heat, the properties of waves, and light. Life science covers the characteristics of living things, plant, and animal. It also covers ecosystems and biomes. Earth/Space Science teaches students about Earth's structure, geologic processes, plate tectonics, oceans and the water cycle, Earth's atmosphere, weather and climate, our solar system, stars, and galaxies. Students also investigate how the motions of the sun, the moon, and Earth create days, seasons, years, eclipses, phases of the moon, and tides.

All 7th graders will be enrolled in a yearlong science class, Introduction to Science 1, and all 8th graders will be enrolled in a yearlong science class, Introduction to Science 2.

Introduction to Science I and II applies the scientific method and use of metrics to a variety of investigations in a variety of scientific fields. Introduction to Science I explores concepts in earth science, ecology, and planetary science. Introduction to Science II explores concepts in genetics, physics, and chemistry. Both courses include experimentation, reading, notes, discussion, and projects as part of the curriculum. Organizational expectations include the keeping of notes and activities in a science notebook and being able to organize a lab report.

ELECTIVES

All scholars are encouraged to expand and improve their talents. We encourage scholars to take an interest in and involve themselves in music, art, and sports. **All 6th grade scholars** need to be enrolled in one semester of a Fine Arts course and one semester of Technology and You; **all 7th grade scholars** need to be enrolled in a full year of choir or an instrumentals class; all **8th grade scholars** need to be enrolled in at least one semester of a Fine Arts course. **8th grade scholars** are also required to take one semester of Keyboarding, a course where they learn typing and the Microsoft Office Suite.

Scholars are also encouraged to develop their physical abilities. All junior high scholars, including 6th, 7th, and 8th grade, are required to take at least one semester of a P.E. class each year. Heritage Academy offers P.E. classes and competitive team sports which include after school programs.

MIDDLE SCHOOL COURSE ELECTIVES

6TH, 7TH & 8TH GRADE ELECTIVES *teacher recommendation required

- ✓ Beginning Band
- ✓ Intermediate Band*
- ✓ Beginning Orchestra
- ✓ Intermediate Orchestra *
- ✓ JH Women's Choir
- ✓ JH Men's Choir
- ✓ Jr. Choir*
- ✓ JH Piano Lab I
- ✓ JH Piano Lab II*
- ✓ Kenpo 1 (semester 1 only)
- ✓ Kenpo 2 (semester 2)
- 🗸 JH PE
- ✓ Dance I
- ✓ Dance II*
- 🗸 JH Art I
- ✓ JH Art II*
- ✓ JH Drama
- ✓ JH Golf (year-round/spring competition)
- Technology & You (Intro to computer applications)
- ✓ Study Hall
- ✓ JH Yearbook *GPA requirement

Jr. High (6th, 7th, & 8th Grades)

HIGH SCHOOL CURRICULUM GUIDE

Heritage Academy offers one scholastic diploma; all scholars are required to earn 26 credits and meet the requirements listed below for graduation. Additionally, scholars are encouraged to achieve excellence beyond the requirements for graduation. Scholars who plan on attending a 4-year college or university should pay particular attention to the requirements below. Those attending a junior college will also need to satisfy all the entrance requirements of the Arizona universities, either in high school or at the junior college level before advancing.

Heritage Academy Curriculum	General Graduation Requirements	Dual Enrollment Courses	In-State University / College Competencies
ENGLISH	4 credits	2	4 credits
			(composition and literature based) 4 credits
MATH	4 credits	3	1 year each of: Algebra I, Geometry, Algebra II, and an advanced class where Algebra II is prerequisite
	4 credits		3 credits
SCIENCE	Must complete 1 credit each of 3 different sciences. (Bio, Chemistry,	3	1 credit each of 3 different lab sciences selected from the following: Chemistry, Physics, or
	Physics, Anatomy & Physiology)		Biology, Earth Science
HISTORY	3 credits	3	2 credits
			Am. Hist. and 1 other
FOREIGN LANG.	2 credits	2	2 credits 2 years of same language
FINE ARTS	1 credit		1 credit
PE	1 credit		
REQUIRED CORE COURSES	19 credits		16
ELECTIVE COURSES	7 credits	2	7
TOTAL REQUIRED	26 credits		23 credits

All high school scholars are encouraged to expand and improve their talents. We encourage scholars to take an interest in and involve themselves in music, art, and sports. All scholars wishing to join the orchestra or choir will audition and be placed according to skill level. Classes are available from beginning to advanced levels.

Scholars are also encouraged to develop their physical abilities. Team sports will compete in the Canyon Athletic Association (CAA). For course descriptions please see descriptions as listed in the High School Curriculum guide below.

- ✓ Yearbook *3.5 GPA required
- ✓ Childhood Development
- ✓ Childhood Development Lab
- ✓ Concert Band *min. 1 yr. experience
- ✓ Symphonic Band * Audition required
- ✓ Concert Orchestra *min. 1 yr. experience
- ✓ Sinfonia Orchestra *Audition Required
- 🗸 🛛 Guitar I

S = Semester Class (meets every other day)

Y = Yearlong Class (meets every other day)

HONORS DISTINCTIONS

Honors Distinctions are available to Heritage scholars in most areas. Those interested should meet with the department chair their freshman year to discuss the requirements for the distinction.

ENGLISH/DUAL ENROLLMENT ENGLISH

Subject area goals:

- To introduce scholars to a variety of literary works, instilling in them a critical appreciation for great literature.
- To develop in scholars an ever-increasing proficiency in reading, analyzing, understanding, and interpreting written works.
- To provide scholars with the skills necessary to express themselves in both written and oral communications.
- Scholars must complete 4 years of English.

Note: **English classes for juniors and seniors will be offered in alternating years** British Literature will be offered in the 2022-2023 calendar school year, and World Literature will be offered in the 2022-2023 school year.

130 9^{TH} GRADE ENGLISH Y - 1 CR

This course will emphasize rhetoric and composition with a focus on understanding writing as a process. Writing projects will require scholars to engage in all parts of the writing process: planning, drafting, revising, and editing. Scholars will learn narrative, persuasive, and research-based writing and will strengthen their writing skills by completing several in-depth writing projects.

*9th Grade English Class – Yearlong140

140 10TH GRADE ENGLISH Y – 1 CR

An integrated course focusing on authors/ poets in American Literature – from early American to twentieth century. Students will develop organizational and group skills through projects and presentations. Evaluating literary elements and developing reading strategies will be accomplished through an in-depth study of classic literature, such as Mark Twain, Nathaniel Hawthorne, and Harper Lee.

*10th Grade English Literature Class – Yearlong

133 BRITISH LITERATURE

Y – 1 CR

An integrated language arts course focusing on a survey of British Literature studied in the context of

the religious, social, and political influences on the authors. Evaluation of literary elements and critical analysis through writing will be stressed as scholars study the following classics: *Ivanhoe* by Sir Walter Scott, *Pride and Prejudice* by Jane Austen, *Macbeth* by William Shakespeare, *The Time Machine* by H.G. Wells, *Dr. Jekyll and Mr. Hyde* by Robert Louis Stevenson, and *The Screwtape Letters* by C.S. Lewis. ***Offered every other year. (2023-2024) Prerequisite:** 9th & 10th grade English courses

ENG101 FIRST-YEAR COMPOSITION S – ½ CR

Emphasis is placed on rhetoric and composition with a focus on expository writing and understanding writing as a process. This course focuses on establishing effective college-level writing strategies through four or more writing projects comprising at least 3,000 words in total.

Rio Salado College: 3 credits

Prerequisites: Appropriate writing placement test score, or a grade of C or better in ENG091 or ESL097. May be substituted for either World or British Literature

ENG102 SECOND-YEAR COMPOSITION S – ½ CR

Emphasis is placed on rhetoric and composition with a focus on persuasive, research-based writing and understanding writing as a process. Scholars will develop advanced college-level writing strategies through three or more writing projects comprising at least 4,000 words in total. **Rio Salado College: 3 credits Prerequisites: Grade of C or better in ENG101** <u>May be substituted for either World or British Literature</u>

132 WORLD LITERATURE Y – 1 CR

This course integrates writing for a variety of audiences with a study of literature. Universal themes in literature are explored in the fiction, nonfiction, poetry, drama and short stories of many cultures and many eras. Composition emphasizes research skills, multi-paragraph exposition, critical analysis and thesis development and defense. *Offered every other year. (2022-2023) Prerequisite: 9th & 10th grade English courses

ENG 111 TECH & PROFESSIONAL WRITING $S-1\!\!\!/_2$ CR

This course covers analyzing, planning, organizing, researching, and writing correspondence, reports, and presentations for specific work-related audiences, and includes integrating data and graphics into work-related documents and presentations.

Rio Salado College: 3 credits Prerequisites: ENG101 with a grade of C, or better. May be substituted for either World or British Literature

ENH 110 INTRODUCTION TO LITERATURE S – ½ CR

This course is an introduction to international literature through various forms of literary expression; e.g., poetry, drama, essay, biography, autobiography, short story, and novel. It provides a global overview of literature with special emphasis on diverse cultural contributions of women, African Americans, Asian Americans, Hispanic Americans, and Native Americans.

Rio Salado College: 3 credits Prerequisite: ENG101 with a grade of C, or better May be substituted for either World or British Literature

Subject Area Goal:

- The scholar will competently use a foreign language for written and oral communication and demonstrate knowledge of appropriate cultural behaviors.
- Scholars must complete 2 years of studies in the same foreign language.

410 SPANISH I

Y – 1 CR

Introduces scholars to the basic vocabulary of the language and components of the culture of the countries in which the language is spoken. Prepares scholars to begin to read, write, speak, and understand. **Prerequisites: None**

411 SPANISH II

Y – 1 CR

This course provides further refinement of the skills acquired in the first year. Level 1 skills are reviewed, and new skills are added in the areas of reading, writing, and speaking. Appropriate cultural components are studied. **Prerequisites: Spanish I**

412B SPANISH III Y – 1 CR

Continuation of the SOMOS curriculum, a comprehensible input-based language curriculum which focuses on language acquisition. The thirdyear program continues the storytelling, reading, music, and comprehension/communicative activities introduced in SPA I & II, adding units for novels and creative writing. Completion of Spanish I and Spanish II is required. Scholars will also be able to work on requirements to graduate with a Distinction in Spanish Learning.

Prerequisites: Spanish I and II.

417 HON SPANISH IV Y – 1 CR

Continuation of the SOMOS curriculum, a comprehensible input-based language curriculum which focuses of language acquisition. The fourth-year program involves storytelling, reading, music, and

comprehension/communicative activities continued from Spanish III.

Pre-requisite: Spanish III or proof of prior equivalent study

460 AMERICAN SIGN LANGUAGE IY- 1 CRIntroduction of principles, methods, and techniques for
communicating with deaf people who sign. Development
of expressive and receptive sign skills, manual alphabet,
numbers, and sign vocabulary. Overview of syntax,
grammar, and cultural related to A.S.L.Prerequisites: None

461 AMERICAN SIGN LANGUAGE II Y- 1 CR

This course is a continuation of ASL I, focusing on the fundamental elements of American Sign Language in a cultural context. Expressive and receptive skills are progressively developed with vocabulary and grammar in a cultural context. American Deaf culture and history will be expanded upon with an emphasis on family dynamics and making comparisons and connections to one's own culture. Course instruction and activities are primarily in ASL. Completion of ASL I is required. **Prerequisites: ASL I**

Subject Area Goals:

- To instill into the minds and hearts of the scholars knowledge and respect for the ideals and values of the great men and women of history, including those who founded the American nation.
- Scholars will also prepare to be ready to provide selfless service to their country to assist in restoring America's greatness.
- Scholars must complete 3 years of history. Scholars must complete American History, World History, and American Government/U.S. Constitution & Economics.

043 WORLD HISTORY/GEOGRAPHY Y – 1 CR DUAL ENROLLMENT OPTION HIS 110/111

This course will begin with the Fertile Crescent down to the beginning of written history. Scholars will then study migrations, geography, cultures, and peoples from ancient, medieval, and modern history. Scholars will learn to compare, contrast, and analyze civilizations and cultures with their own and draw lessons from the past which will aid them in knowing what Americans must do to enjoy lasting peace, prosperity, and freedom. This course will provide the opportunity for discussion, debate, and argument among and between the scholars themselves concerning the great ideas and principles of history. Discussion will be guided by reading from great Classics such as <u>The Law</u> by Bastiat. **HIS 110/111 Rio Salado: 6 Credits**

044 AMERICAN/ARIZONA HISTORY	Y – 1 CR
DUAL ENROLLMENT OPTION HIS 103/104	

Having previously studied American History, including Arizona History and Economics in a sequential format, the high school scholars will now study it through the "eyes" of people who made significant contributions to the development of the nation. Ideas and concepts of government and human relations will be discussed and debated among and between the scholars. These discussions will be guided by reading selections from great classics such as <u>Washington's Farewell, and A Tale</u> of Two Cities, by Dickens.

HIS 103/104 Rio Salado: 6 Credits

042 AMERICAN GOV / U.S. CONSTITUTION S – ½ CR DUAL ENROLLMENT OPTION POS 110

Scholars will experience their own freedom trail by studying the lessons learned from Jamestown in 1607 through the Constitution in 1787. They will become familiar with the people we call the Founding Fathers who helped change the direction of the world. Scholars will learn how the trials, efforts, failures, and eventual triumphs of the Founders make them true American heroes. This course also includes the study of the substance and meaning of the U.S. Constitution in its original form together with the amendments since added. The course emphasizes original intent by familiarizing scholars with the Founders' own words and explanations as to why each principle, phrase or sentence was included in the document. Departures from original intent and meaning will also be reviewed.

In conjunction with American Government this course will integrate the study of economics. Focus will be on the choices that individuals and societies make in the production, distribution and consumption of goods and services. Scholars will learn when these choices are made in an atmosphere of freedom, with a minimum of government involvement in the marketplace, prosperity results.

Prerequisite: American History & World History POS 110 Rio Salado: 3 credits

050 ECONOMICS	S − ½ CR
DUAL ENROLLMENT OPTION PHIL 100	

This course will give the students a greater understanding of economics ranging from the viewpoint of the individual consumer or small business owner to the global economy. The course will study the law of supply and demand, forms of business, labor unions, government finances and influence on the economy, money and prices, inflation, and deflation cycles. The course relates history and politics to the study of economics. **Prerequisites: Seniors only PHIL 100 University of Arizona: 3 Credits**

MATHEMATICS/DUAL ENROLLMENT MATHEMATICS

Subject Area Goals:

- Scholars will learn to recognize, analyze, and describe patterns and relationships in real numbers, algebraic functions, and geometric figures.
- Scholars will strengthen and deepen their number sense and their ability to organize their thoughts and use logic, both inductive and deductive to solve real world problems.
- Scholars must complete at least 4 years of math. Beginning with the class of 2013, all scholars must complete Algebra I, Geometry, Algebra II, and a final course at the high school level.

630 ALGEBRA I

Y – 1 CR

Scholars enrolled in this course will learn problem solving approaches, thinking and algebraic skills necessary for future mathematics courses and other disciplines. It includes a study of real number systems, linear equations, linear inequalities, exponential functions, quadratic equations, and statistics. Scholars must show mastery of Algebra 1 before advancing to Geometry. **Prerequisites: Pre-Algebra Requirements: Graphing Calculator** 645 GEOMETRY Y – 1 CR

This course will review and extend the skills and topics mastered in Algebra 1. It places emphasis on plane geometry and also includes some solid and coordinate geometry. The course provides scholars with the opportunity to improve their understanding of spatial relationships, develop inductive and deductive thinking skills, improve problem solving skills in geometric settings, relate algebra to geometry, and develop a deep understanding of ratio and proportion concepts. A protractor, compass, ruler, and scientific calculator are required. Scholars must show mastery of Geometry before advancing to Algebra II. Prerequisites: Algebra I Requirements: Protractor, Ruler, Compass, and Scientific Calculator.

633 FOUNDATIONAL ALGEBRA II

Y – 1 CR

This course will provide an opportunity for scholars to apply algebraic concepts to solve real-world problems. Scholars will be taught to visualize, represent, model, and solve problems that involve applications with business and science as well as make connections within the field of mathematics. Topics will include absolute value, rate of change, linear functions and systems of equations and inequalities. Scholars who have earned credit in Algebra II will only earn an elective for this course. Prerequisites: Algebra I and teacher recommendation Requirements: Graphing Calculator

650 ALGEBRA II

Y – 1 CR

This course will cover topics in advanced Algebra and Geometry. Scholars will further their understanding of linear functions, quadratic equations, matrices, logarithms, rational and radical equations, statistics, and series and sequences. Scholars will discuss and solve real-life applications of the studied topics. Algebra II will help prepare scholars for college math courses and for Pre-Calculus. Prerequisites: Algebra I Requirements: Graphing Calculator

GBS 132 FINANCIAL APPLICATIONS S- .5 CR

The purpose of this course is to empower students with knowledge and application of basic financial principles so they can make sound financial decisions for life. Scholars will develop an education and career plan that will help them obtain and grow their income over time. Finance topics such as interest and annuities will be covered. **Elective Credit ONLY; DE credit available**

642 FOUNDATION OF PERSONAL FINANCE S-.5 CR

The purpose of this course is to empower students with knowledge and application of basic financial principles so they can make sound financial decisions for life. We will be studying the Dave Ramsey method for saving, budgeting, staying out of debt, investing, and insurance. Scholars will learn the behaviors that will help them achieve financial success for life.

Prerequisites: Algebra I

HONORS COLLEGE MATHEMATICS Y - 1 CR MAT 142

College level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include set theory, probability, statistics, finance, and geometry. MAT 140 Rio Salado College: 3 credits Prerequisites: Algebra II and teacher recommendation.

651 HONORS PRE-CALCULUS Y – 1 CR

A pre-calculus course combining topics from college algebra and trigonometry. Preparation for analytic geometry and calculus.

MAT 152/182 Rio Salado College: 6 credits Prerequisites: Algebra II and Grade of "C" or better in MAT120, or MAT121, or MAT122, or equivalent, and teacher recommendation. Course Notes: <u>Scholars may receive credit for only one of</u> <u>the following: MAT150, MAT151, MAT152, or MAT187.</u>

HONORS CALCULUS Y – 1 CR MAT220 CALCULUS WITH ANALYTIC GEOMETRY 1

Limits, continuity, differential, and integral calculus of functions of one variable.

MAT 220 Rio Salado College: 5 credits Prerequisites: Grade of C or better in MAT 152/182

INTEGRATED MATH I-IV Y-1 CR

Students will work on math skills in a small group environment. Lessons will be geared to the students' needs and the rate of instruction will be determined by the students' mastery of concepts.

Prerequisites: Teacher Recommendation Required

Subject area goals:

- Scholars will discover the processes of the world around them and begin lifelong experiences in science.
- Scholars are required to take Conceptual Science, Biology plus two other science courses.
- College track scholars should have Biology, Chemistry and Physics.

214 EARTH SCIENCE Y – 1 CR

Earth science explores the earth's composition and its place in the universe. Scholars will examine topics such as the flow and cycling of energy and matter, gravity, natural resources, internal and surface processes, plate tectonics, weather and climate, the solar system, stars and galaxies, and the four earth systems, namely the geosphere, hydrosphere, atmosphere and biosphere.

Prerequisite: None

BIO 100 HONORS BIOLOGY

Y – 1 CR

Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored.

BIO 100 Rio Salado College: 4 credit Prerequisite: None

CHM130 HONORS FUNDAMENTAL CHEMISTRY Y – 1 CR

Energy changes affect matter through both physical (thermal and interaction energies) and chemical (breaking and reforming bonds). Scholars learn nomenclature, balancing chemical equations, mathematical processes including conversions, density, heat capacity, mole equations, stoichiometry, and gas equations. The process of scientific discovery is explored through the history of the atomic theory development and the men and women important to this process. Topics in acids, bases, reaction rates, nuclear chemistry, and basic organic chemistry are explored. Daily activities, labs and lab reports, as well as modeling techniques of drawing what the particles and energy are doing are used to obtain not only hands-on but minds-on understanding.

CHM 130 Rio Salado College: 4 Credits Prerequisite: Biology, Algebra 1

BIO 160 HONORS ANATOMY & PHYSIOLOGY Y – 1 CR

Principles of scientific method. Structural organization, homeostasis, and control mechanisms of the body. Specific chemistry concepts. Structure and function of the major systems of the body. BIO 160 Rio Salado College: 4 Credits Perquisite; Biology & Chemistry

PHY 111 HONORS PHYSICS Y – 1 CR

General Physics: Includes motion, energy, and properties of matter. General Physics II: includes electricity, electromagnetism, and modern physics. Rio Salado College: PHY 111 4 credits, PHY 112 4 credits Prerequisite: Biology, Chemistry & Algebra II Recommended for seniors (12th grade)

825 HONORS COMPUTERS	S − ½ CR
(RIO SALADO COLLEGE CIS 1	05)

This course is an overview of computer technology, concepts, terminology, and the role of computers in business and society. Discussion of social and ethical issues related to computers. Use of word processing, spreadsheet, database, and presentation software, uses of application software and the Internet for efficient and effective problem solving as well as exploration of relevant emerging technologies. **Rio Salado College: 3 credits Prerequisites: None, but teacher recommendation is**

preferred for freshman.

834 TECHNOLOGY FOR COLLEGE S- 1/2 CR & CAREER S- 1/2 CR

Creativity, collaboration, communication, critical thinking and problem solving—along with content and fueled by rapidly changing technology—are what you need to master now to navigate and design the future. With this course, you will build your own skills and learn to support your abilities and strategies for college and career readiness. You will define what 21st century skills are, assess current practices, and create a plan to equip yourself for success in a global society and workplace.

Participants will also explore a wide variety of 21st century tools that have the power to engage and enhance communication and collaboration in college or career. Students will manipulate online applications that facilitate interactive information sharing. Online tools featured in this class include Google Apps, as well as an assortment of other classroom-friendly Web 2.0 applications.

Recommended Class to Take Before/After: CIS105 (Honors Computers)

778 DIGITAL IMAGING S – ½ CR

In this class scholars learn the basics of how to use a consumer digital camera, adjusting settings, importing digital images to a computer, manipulation of the image using Adobe Photoshop / light room, preparing images for print, and email and web usage. Class time will be used to complete some assignments and preparing images for print. Some photographs must be taken outside of class.

Requirements: \$25 course Fee Digital Camera (not phone) 5 megapixel minimum Storage media for camera (SD Card appropriate for camera)

837 COMPUTER SCIENCE PRINCIPLES Y-1CR

Computer Science Principles introduces students to the foundational concepts of computer science and challenges them to explore how computing and technology can impact the world. More than a traditional introduction to programming, it is a rigorous, engaging, and approachable course that explores many of the foundational ideas of computing, so all students understand how these concepts are transforming the world in which we live.

Prerequisites: None

838 COMPUTER SCIENCE PRINCIPLES S- ½ CR

Computer Science Discoveries (CS Discoveries) is an introductory computer science course that empowers students to create authentic artifacts and engage with computer science as a medium for creativity, communication, problem solving, and fun. Prerequisites: None Grades: 9-10 Recommended Class to Take Before/After: CIS105 (Honors Computers)

BUSINESS/COMPUTERS

902 ENTREPRENUERSHIP	S- ½ CR

Scholars in grades 9-12 will learn essential business skills like management, communication, finance, HR, marketing and more. Explore how to become an entrepreneur who leads with character and excels in the work you love.

Prerequisites: None

917 CAREER AND PROFESSIONAL DEVELOPMENT	S- ½ CR

Get College Ready. Get Ahead. Get Learning! Student-generated curricula to provide an avenue for scholars to unlock opportunities that they would never otherwise have—by offering unusual learning experiences this will allow them to get a jumpstart on college, explore a career path or learn an in-demand skill. Scholars can choose to prepare for AP exams, get a feel for potential schools, start exploring majors or just expand their horizons.

Scholars will set goals, make self-directed learning plans, reflect upon, and monitor their progress, and adjust strategies as needed. Scholars will practice self-awareness and take initiative and ownership of their learning.

The material will be provided through Massive Open Online Courses (MOOCs) like Google Digital Garage, Coursera, EdX, Adobe Education Exchange, Grow with Google, Certiport. Learners will have choice and make selections based on their needs and interests. The general procedure is to take for "audit" and not pay the fee to get the certification/credit.

Instructor will provide technical assistance, motivation, check-ins, a structured routine and process for students to complete courses, learning plan development, an environment where learners embrace varied approaches to learning, grow from mistakes, persist in solving challenges, and attribute success to effort.

Prerequisites: 10th-12th Grade Only

525 BALLROOM DANCE I	S – ½ CR
----------------------	----------

This class is designed to introduce the student to the basics of several popular social dances: Waltz, Foxtrot, Tango, Swing, Cha-Cha, Salsa and Merengue. There is one written assignment, one outside class activity and one required performance. To enhance the social skills they are learning through dance, basic etiquette for social interaction will be covered. Prerequisite: None.

526	BALLROOM DANCE II	Y-1 CR
220		I-I CI

This class will continue building upon the techniques and styles learned in Ballroom I. This class will also introduce the student to the basics of several popular social dances: New York Hustle, West Coast Swing, Night Club Two Step, Samba, Lindy Hop, Viennese Waltz, and Argentine Tango. There is one written assignment, one outside class activity and one required performance. The pace and skill level will be higher than Ballroom I.

Prerequisite: 2 semesters of Ballroom I or teacher approval.

527 BALLROOM DANCE III

Y-1 CR

This class is a high intermediate ballroom class with a focus on technique and higher-level dance patterns. The class will continue to build upon some of the dance styles and techniques learned in Ballroom I and II. It is for scholars with a serious interest in Ballroom Dance. There will be one written assignment, one outside class activity and one required performance. There may be other opportunities for performing as well. Enrollment will be limited.

Prerequisite: Audition required.

509 BALLROOM DANCE COMPANY Y-1 CR

This class is an advanced ballroom class with a focus on technique and higher-level dance patterns. The class will continue to build upon some of the dance styles and techniques learned in Ballroom II and III. It is for scholars with a serious interest in Ballroom Dance. There will be one written assignment, one outside class activity and one required performance. There may be other opportunities for performing as well. Enrollment will be limited. Prerequisite: Audition required

50)1	DANCE	
----	----	-------	--

Т S − ½ CR This class will focus on the basic techniques of dance and will include learning various styles such as jazz, ballet, lyrical and contemporary. The class will focus on strengthening and conditioning as well as movement and performance quality. There will be one written assignment, one outside class activity and one required performance. Specific dance attire is required. Prerequisite: None Performance fee required. 502 DANCE II Y –1 CR

This class will build upon the fundamental techniques learned in Dance I. The class will continue in learning the various styles of jazz, ballet, lyrical and contemporary and their knowledge of dance vocabulary will be increased. The pace of this class will be higher than that of Dance I. There will be one written assignment, one outside class activity and one required performance. Specific dance attire is required.

Prerequisite: Audition or teacher approval. Performance fee required.

503 DANCE III

Y -1 CR

This class will continue to build upon all the techniques learned in Dance I and II and the students will increase their knowledge in the various styles of jazz, ballet, lyrical and contemporary. The pace of this class will be faster than that of Dance II. There will be one written assignment, one outside class activity and one required performance. Choreographic principles are introduced in this class and practiced. Specific dance attire is required. Prerequisite: Audition or teacher approval.

504 DANCE COMPANY

Y -1 CR

This class will continue to build upon all the techniques learned in Dance I, II and III and the students will increase their knowledge in the various styles of jazz, ballet, lyrical and contemporary. The pace of this class will be faster than that of Dance III. There will be one written assignment, one outside class activity and one required performance. Choreographic principles will continue to be worked on. Specific dance attire is required. Prerequisite: Audition or teacher approval.

534 DRAMA I

S – ½ CR

Included is a brief study of the history of theatre from the ancient Greeks through the Renaissance and contemporary theatre. One play by William Shakespeare may be read and studied each semester. Drama scholars will perform scenes and monologues, improvisation, and pantomime. Focus will be given to the "actor's instrument", developing stage technique and basic performance skills. **Prerequisite: None**

565 SENIOR ART

S – ½ CR

Senior Art has required art projects that give the student a foundation in the elements and principles of art. It also allows for projects of choice in which the student can explore different art medias and art forms. Medias used are pencil, charcoal, pen and ink, scratch art, soft pastels, acrylic, watercolor, and block printing. Art history and culture are incorporated extensively. **Prerequisite: None**

Course can be repeated for additional credit

537 HONORS DRAMA

Y-1 CR

Honors Drama scholars will be challenged to excel in all facets of theater. Scholars will perform scenes and monologues from classic plays, and scholars might rehearse and perform in a full-length play. The craft of acting will be studied in depth. A classic film will be viewed and analyzed. A classic play may be studied during the semester. **Prerequisite: Audition required**

533 MUSICAL THEATHER

S ½ CR

In this performance-based course (semester or fullyear), repeatable for credit, scholars will first learn a brief history of musical theater including different musical styles from classical to modern productions, before choosing their own solo pieces to prepare and perform in a final musical showcase at the end of each semester. Scholars will also participate in a full group ensemble piece and learn basic movement, dance, and acting through music. . Prerequisite: Audition required

538 STAGECRAFT

S – ½ CR

This class will cover most aspects of the technical side of a stage production, including set design and construction, lighting, sound, backstage crew, curtain operation, stage management, etc. **Prerequisite: none**

330 CONCERT BAND

Y – 1 CR

A year-long music course for high school scholars who have at least one year of experience performing on a wind or percussion instrument. Scholars will continue to improve their performance skills, focusing on a variety of aspects such as tone, intonation, rhythm, articulation, style, balance, and blend. Scholars will also expand their concepts of music theory and history. Scholars must satisfactorily meet the performance requirements for this course through an audition.

Prerequisite: Minimum 1 year experience or audition required

332 SYMPHONIC BAND

Y – 1 CR

An advanced-level, year-long performing ensemble for high school scholars with several years of experience This course is only open to scholars by audition.

Prerequisite: Audition Required

335 GUITAR I

Y – 1 CR

One-year course repeatable for credit. Will study music theory, chord structure, guitar tablature, technique, and performance etiquette. Will perform 4 concerts per year.

Fees: Provide own guitar and Essential Elements for Guitar Book One

Prerequisites: High School only

320 CONCERT ORCHESTRA

Y – 1 CR

A year-long music course for middle or high school scholars who have at least one year of experience performing on an orchestral string instrument. Scholars will continue to improve their performance skills, focusing on a variety of aspects such as tone, intonation, rhythm, articulation, style, balance, and blend. Scholars will also expand their concepts of music theory and history. Scholars must satisfactorily meet the performance requirements for this course through an audition.

Prerequisite: Minimum 1 year experience or audition required.

312 SINFONIA ORCESTRA

Y – 1 CR

An advanced-level, year-long performing ensemble for high school scholars with several years of experience playing an orchestral string instrument. This course is only open to scholars by audition. **Prerequisite: Audition Required**

336 S	URVE	Y OF MUSIC	HISTORY	S – ½ CR
MHL				
	~	-		

Study of composters, compositions, styles, and periods in music history. Prerequisite: None DE Credit Available

HS CHORALE

Y - 1 CR

This **beginning** mixed choir will provide students the opportunity to study literature of all style periods, vocal techniques, and musicianship skills. It will further explore studies in music theory preparing the student for higher level courses. This course may also involve participation in state and local events. A minimum of four performances per year will provide an opportunity to demonstrate growth, participation is mandatory and performance attire will be required.

Prerequisite: none

344 CONCERT CHOIR	Y - 1 CR

This **intermediate** mixed choir will provide students the opportunity to study literature of all style periods, vocal techniques, and musicianship skills. This course **will** also involve travel and competition in national, state, and local events. A minimum of four performances per year will provide an opportunity to demonstrate growth, participation is mandatory and performance attire will be required.

Prerequisite: Teacher Approval/Audition Required Full year course commitment

348 GATEWAY SINGERS

Y – 1 CR

This **advanced** mixed choir will provide students the opportunity to study literature of all style periods, vocal techniques, and musicianship skills. This course **will** involve travel and competition in national, state, and local events. A minimum of four plus performances per year will provide an opportunity to demonstrate growth, participation is mandatory and performance attire will be required.

Prerequisite: Teacher Approval/Audition: Required Full year course commitment

355 JAZZ & SHOW CHOIR Y - 1 CR

One year course repeatable for credit. Will study jazz music and its historical foundation in the United States along with Show Choir work. Will perform 4 concerts per year and attend various festivals.

Fees: Uniform purchase required. Prerequisites: High School only, audition-only; teacher signature required

FUNDAMENTALS OF MUSIC THEORY Y - 1 CR AND COMPOSITION

The chronological study of music theory including harmony, melody, texture, structure and timbre through analysis, original compositions, and basic exercises to demonstrate musical concepts.

Prerequisites: none

Subject Area Goals:

- Scholars will learn to enjoy and understand the importance of maintaining a physically active lifestyle.
- Scholars will improve physical skills, learn the associated rules and etiquette, and learn the importance of cooperation and teamwork.

* Some PE classes have fees that accompany them. ECA Tax credit money may be used to pay for PE class fees

750 P.E. S – ½ CR

This class emphasizes physical fitness through a program involving individual or team exercises including a wide variety of fun and competitive games. This physical education class will primarily focus on strength, cardiovascular endurance, and agility training to enhance the development of the individual for recreational activity, athletics, or competitive sports.

Prerequisite: None.

711 PILATES	S – ½ CR

Mat Pilates is a total body fitness program with a focus on developing strength through the core of the body. Results will include improved posture, increased lung capacity, and strong muscles. Emphasis on all around, complete fitness supports a variety of fitness goals, from building strength to increasing flexibility and coordination. Work will be performed on a mat with minimal simple resistance training equipment.

Prerequisite: None.

754 GOLF	S – ½ CR

This class is planned for those scholars with a high level of interest and desire to learn the game of golf. This class provides training in fundamentals of golf and golf etiquette. Athletes will compete in the Canyon Athletic Association (CAA) against other charter school athlete during the spring semester.

Prerequisite: None. This is a fee bearing course.

755 WEIGHT TRAINING S – ½ CR

This class offers scholars an opportunity to learn safe and correct forms and techniques and improve their strength and basic athletic conditioning. Scholars will create a personalized plan that will fit their needs.

Prerequisite: None. This is a fee bearing course.

755A ADVANCED WEIGHT TRAINING S – ½ CR

Advanced Weight Training is structured as an open gym and requires participants to have a basic knowledge of strength training and program design. Enrollment for this course needs to be approved by the instructor and/or requires one semester of the Weight Training class.

Prerequisite: Teacher approval. This is a fee bearing course.

760 SWIMMING	S − ½ CR

This course is designed to help students develop and improve skills useful or necessary in an aquatic environment. Focus will be on swimming and the competitive strokes: freestyle, butterfly, backstroke, and breaststroke. The students will have an opportunity to compete in CAA Meets.

Prerequisite: None. This is a fee bearing course.

701	KENPO I	S-½ CR

This course is the first step in the Duke Kenpo System. This system is structured from Mr. Duke's years of training in the martial arts of Kenpo, Hakutsuru, Kobudo and Kali. The scholar is introduced to the protocol and discipline to foster respect and ensure safety. The physical portion consists of learning basic skills including blocks, strikes and stances. These are then incorporated into eleven basic situational self- defense techniques designed to thwart common everyday attacks. The successful completion of a written and physical examination will earn the scholar a yellow belt.

Prerequisite: None.

702 KENPO II

S – ½ CR

This course is a continuation of the Kenpo 1 course with more emphasis placed on practical application of previous learned basic skills. Self-defense techniques are moved to a more physical level. Twenty-eight additional self- defense techniques are introduced, bringing the responsible number to thirty-nine. Scholars will be introduced to selfdefense against grabs, hugs, locks, chokes, tackles, and basics of ground defense. The scholar must take two semesters to complete the course. Upon completion of this beginning course the scholar can earn orange and purple belts.

Prerequisite: Successful completion of Kenpo 1.

790 STUDY HALL

S - 0 CR

Study lab. This is a non-credit course. **Prerequisite: None**

COLLEGE FAST TRACK PROGRAM – DUAL ENROLLMENT

This program will enable Heritage scholars to earn college credits while attending Heritage Academy. Scholars and families will see the following benefits:

- 1. Save time
- 2. Save money
- 3. Eliminate duplicate classes
- 4. Progress at the right speed
- 5. Better prepared for college
- 6. Credits transfer to college/university* *verify with college/university accepting credits

What is Dual Enrollment?

Dual Enrollment is a program which enables scholars to earn college credit while attending high school. A Dual Enrollment course is a class currently taught at Heritage, which is now approved for college credit. Courses will be offered through partnerships with Rio Salado Community College.

Who can participate?

- Scholars enrolled at Heritage grades 9-12
- Student must take the Critical Reading and Thinking Placement test to be admitted to Rio Salado college. This test will be discussed during your graduation planning meeting with your College Advisor.
- May need to take additional college placement exams depending on course(s)

Is there financial assistance?

Yes, some tuition assistance is available based on need through Rio Salado Community College. The application normally becomes available in March of the current school year. Contact the Rio Salado Financial Aid Office at 480-517-8310 for additional information.

How many credits can I earn?

That's up to you! An associate degree typically requires 60 credits. If a scholar earns 15 credits per year for the four years in high school, an Associate Degree is achievable. This is a very aggressive goal, but more achievable by highly motivated scholars. Even taking a few college classes will give you a *fast start* into college.

How Do I Get Started?

Schedule a meeting with your College Advisor to create a graduation plan to layout the courses you will take in high school to complete your high school graduation requirements and potentially earn your Associate's degree.

To enroll in a Dual Enrollment class, scholars must meet admission requirements or have completed the prerequisites for the course.

GENERAL PLACEMENT TESTING INFORMATION

• Students will be required to take the Critical Reading and Thinking Placement test (CRE) to begin taking dual enrollment courses. The test is free and accessible through the EdReady website. Your College Advisor will go over the CRE requirements in your graduation planning meeting.
